The Franchise Research Institute sent a study solicitation notification to all 42 Archadeck franchise owners. The study was completed in July 2020. Archadeck personnel gave franchisee contact information to the Franchise Research Institute for the sole purpose of sending the notification. The notification included a unique link for each franchisee to insure no responses were duplicated.

Franchise owners were encouraged by Archadeck and by the Franchise Research Institute to complete the survey, and they were assured that their individual responses would never be revealed to anyone outside the Franchise Research Institute (not even Archadeck management).

Franchisees logged on to the online survey questionnaire using their unique survey link, completed and submitted the survey. 31 of 42 franchisees, or 73.81%, responded and took the survey. The Franchise Research Institute has no reason to believe that non-respondents' answers would vary substantially from those who did respond.

The maximum error range on this study is $\pm 5.5\%$ at the 95% confidence level.
